Academic Information

With 11 faculties, and three Affiliated University Colleges, Western offers more than 400 different specializations, majors and minors at the undergraduate level.

The following resources can help you navigate your Academics at Western.

**Academic Appeals, Undergraduate Student**
[westerncalendar.uwo.ca](http://westerncalendar.uwo.ca)
The Senate Review Board Academic (SRBA) is the final body to which students may appeal certain rulings of Deans in academic matters, and its decisions are final. Contact your faculty for further details.

**Academic Calendar**
[westerncalendar.uwo.ca](http://westerncalendar.uwo.ca)
The Academic Calendar is the official record of academic programs and university-wide academic policies as reviewed and approved by Senate and its relevant committees, necessary for the University to fulfill its academic role and mission.

**Breadth Requirements for Bachelor Degrees**
[westerncalendar.uwo.ca](http://westerncalendar.uwo.ca)
At least 1.0 course must be chosen from each of the three Categories A, B, and C. Two of Categories A, B, and C are required in first year. Any outstanding breadth requirement not completed in first year must be completed prior to graduation. For the courses offered in each category, please visit the website above.

**Breadth Requirements for First Year**
[westerncalendar.uwo.ca](http://westerncalendar.uwo.ca)

First-Year Program
 Students registering in general first-year programs must choose courses that fulfill the basic requirement of 5.0 courses numbered 1000 - 1999. The 5.0 courses must include at least four different subjects with no more than 2.0 courses in one subject. Students are encouraged to take an essay course in first year.

Essay Course Requirements
Satisfactory completion of at least 2.0 designated essay courses, at least 1.0 of which must be senior (numbered 2000 - 4999). The 2.0 essay courses must be completed through Western or through one of its Affiliated University Colleges.

Exception: Students who are admitted with 10.0 advanced standing credits are required to complete 1.0 designated senior essay course (numbered 2000 - 4999) through Western or one of the Affiliated University Colleges.
Community Engaged Learning (CEL)  
cel.uwo.ca

CEL courses blend community-based projects with academic learning, and are offered in many disciplines at Western. Projects are based on community-defined needs and are intended to be beneficial to both the community and the student(s). Students gain exposure to community leaders, real-world issues, and the opportunity for professional skill-building through CEL courses.

Distance Studies  
registrar.uwo.ca/applying/distance_studies

Draft My Schedule  
draftmyschedule.uwo.ca

Through the Draft My Schedule tool, you will be able to draft your timetable and view your full schedule before you register for courses.

Grade Appeals and Other Requests for Relief  
westernu.ca/ombuds

A student may request that a grade on a particular piece of work, or a final standing in a course or program, be changed; OR a student may request an exemption from a Senate academic regulation. The subject of a request for relief can range from waiver of progression requirements, to accuracy of grades on examinations or assignments, to appropriateness of sanctions imposed for scholastic offences. Such a request can include questions of fairness or appropriateness of general grading practices, and can be launched regardless of whether a record of the student’s work exists.

If you are considering an appeal of any kind, you should read “Academic Rights and Responsibilities” and other relevant policies and procedures in westerncalendar.uwo.ca. Graduate students should visit grad.uwo.ca/current_students/regulations.

Privacy Policy  
westernu.ca/privacy

With the extension of the Freedom of Information and Protection of Privacy Act (FIPPA) to Ontario universities in June 2006, records under Western’s custody or control are subject to this provincial legislation. The two key principles that underlie the Act — public access to information and protection of personal privacy — are principles that Western had taken seriously for many years prior to the application of FIPPA. According to Western’s Guidelines on Access to Information and Protection of Privacy, information contained in University records should be available to members of the University community and to members of the public more generally; exemptions from the general principle favouring access should be as limited and specific as possible; and collection, retention, use, and disclosure of personal information contained in University records should be regulated in a manner that will protect the privacy of individuals who are the subject of such information.

Western has established an Information and Privacy Office located in the University Secretariat and appointed an Information and Privacy Coordinator. This Office is responsible for the day-to-day administration of FIPPA and other related legislation.

Deny it if you dare.

That this U is our U and for her we’ll strive to
Do our best to fight with might and mane.

We will always adore her

When Western U goes marching down the field
We know our team will never ever yield
And though the other team has lots of pep
When they see our team they’ll
Know they’re out of step.
And when the game goes down in history
It’s just another Western victory

Let all our cheers go out for
